

# GATES WILL BE CLOSED FROM 9PM TO 5AM, NIGHTLY!

Ok, I know it has been 5 ½ months since we used our gates. We waited for the repairs to happen, and they were finally done. Then we had to wait for our DVR to be repaired and cameras to be remounted. Now that all of that is completed, *the gates will be operational starting 9PM, Monday, November 1.*

---

## HOURS TO MAKE GATE CHANGES OR OBTAIN A BARCODE:

We continue to be at the guard house on Tuesdays from 7pm to 8pm for decals and call box changes.

**As the gates will be closed, make sure your visitors know how to use the call box!!!**

## PLEASE PLEASE PLEASE...

**Know your codes, know how to use your codes, and educate your visitors and any deliveries that you expect, on the use of the codes.**

---

## HOLIDAY SCHEDULE:

We will be keeping the gates open extended hours on Christmas Eve and New Years Eve.

## GATE DAMAGES:

As before we will pursue parties that damage the gate for restitution.
